

List of important documents for the needs of the valuation

Type of real estate:

undeveloped land

- number of Land and Mortgage Register;
- extract from the land register;
- cadastral map;
- certificate of determination of intended use of the real estate in the local zoning plan (possibly study of spatial development conditions and trends) or decision on development conditions;
- building permit (if issued);
- preliminary agreement with annexes (in case of signing such a contract);
- document confirming the legal title to the property (e.g. notarial deed - a contract of sale, donation);
- if the plot is not yet separated - the decision to approve the division of the property or a project for the division of the property;
- other information and documents that may affect the value of the property.

If you do not have all the documents - contact us, we will help in obtaining them.
